

## oh my love

FKA twigs

I went out with this boy once, yeah  
And I met all his family  
Went to some, like, family barbecue  
And in the end: "Oh no, you're not my girl  
You know, we're just, we're just like  
Hanging out, aren't we?"

Oh, my love  
It's been a long, long road to get here  
But you never said what you wanna do (No)  
Oh, my love  
It's been a long road  
But you never, never said if you're letting me go for sure  
If you won't let me go, then you gotta try and hold me close

I could be with anyone  
I'm fussy like a pussycat  
You're the only one I want  
Give love and then you take it back  
Won't the kisses all be fun?  
I hate it when you give me half  
Never give me half  
I, I, I, I

Everybody knows that I want your love  
Why you playing, baby boy, what's up?  
Everybody knows that I want your love  
Why you playing, baby boy, what's up?  
Everybody knows that I want your love  
Everybody knows that I want your love  
Everybody knows that I want your love  
Want your love, want your—

You wanna waste the day, I wanna spend the night  
When our rhythm be runaway, I wanna make it right  
You're just pushing me, pushing me  
Pulling me, pulling me  
Killing me, killing me  
Softly, softly

Oh, my love  
It's been a long, long road to get here  
But you never said if you're letting me go for sure  
What you wanna do?

I could be with anyone  
I'm fussy like a pussycat  
You're the only one I want  
Give love and then you take it back  
Won't the kisses all be fun?  
I hate it when you give me half  
Never give me half  
I, I, I, I

When the sun sets  
I could never feel bad  
When the sun sets

I need to pull myself away  
And you know it hurts real bad  
Tell me, baby

Everybody knows that I want your love  
Why you playing, baby boy, what's up?  
Everybody knows that I want your love  
Why you playing, baby boy, what's up?  
Everybody knows that I want your love  
Everybody knows that I want your love  
Everybody knows that I want your love  
Want your love, want your-

Nah, but seriously, on a level, you're beautiful  
We've not got a long time here, so  
Love yourself, know your worth, and  
Fuck crying over these stupid boys that don't even recognise the worth in themselves  
Just tryna steal your youth  
Bye, bye  
But I love you and, um, I wish you could see in you what I see in you, what everyone sees in you, because  
That's the golden stuff right there and these are your golden years, so have fun
