

Perfectly

FKA twigs

Another day
Leave it all to another day
Leave it all to another day
Another me
And when I'm done
They'll say I did it perfectly

Another way (Another way)
Learned to breathe in another way (Another way)
I believe in another way (Another way)
Another me (Another me)
And when I'm done (When I'm done)
They'll say I did it perfectly

A sky of blue, a sea of green
A messy room fits perfectly
Inside my head, I have the best time
Yes, in my head, I have the best time

For now, I know I will
La-la-la, let it go
For now, I know I will
La-la-la, let it go
For now, I know I will
La-la-la, let it go
For now, I know I will
La-la-la, let it go

Another life (Another life)
Fix it all in another life (Another life)
Have it all in another life (Another life)
Another me
A one of one
They'll say I did it perfectly

A sky of blue, a sea of green
A messy room fits perfectly
Inside my head, I have the best time
Yes, in my head, I have the best time

For now, I know I will
La-la-la, let it go
For now, I know I will
La-la-la, let it go
For now, I know I will
La-la-la, let it go
For now, I know I will
La-la-la, let it go

A sky of blue, a sea of green
A messy room fits perfectly
Inside my head, I have the best time
Yes, in my head, I have the best time

You made it my kinda fantasy
I smash my skull on your normalcy
Then told the world how you've broken me

I think that I did it perfectly
Well, that was fine 'cause I'm so naughty
A masterpiece ended perfectly
I blew us off for some harmony
I think that I did it perfectly

You made it my kinda fantasy
I smash my skull on your normalcy
Then told the world how you've broken me
I think that I did it perfectly
Well, that was fine 'cause I'm so naughty
A masterpiece ended perfectly
I blew us off for some harmony
I think that I did it perfectly
