

# Thousand Eyes

FKA twigs

If I walk out the door  
It starts our last goodbye  
If you don't pull me back  
It wakes a thousand eyes

If I walk out the door  
It starts our last goodbye  
If you don't pull me back  
It wakes a thousand eyes

If I walk out the door  
It starts our last goodbye  
If you don't pull me back  
It wakes a thousand eyes

If I walk out the door  
If I walk out the door

(A thousand eyes)  
If I walk out the door  
(A thousand eyes)  
If I walk out the door  
(A thousand eyes)

Out the door  
It's out the door  
It's out the door  
It's out the door  
It's out the door  
It's out the door  
It's out the door

It's gonna be cold without those  
It's gonna be cold without those eyes  
It's gonna be cold without those  
It's gonna be cold without those eyes  
I'm so cold without those  
I'm so cold without those eyes

I'm gonna be cold without those  
It's so cold without those eyes  
It's gonna be cold without those

If I walk out the door  
It starts our last goodbye  
If you don't pull me back  
It wakes a thousand eyes
