

# Wanderlust

FKA twigs

By the way, the film was brazy  
I hate the cast, the aesthetic's crazy  
Album's way too long though  
I'd make it just the same  
But with all the lyrics gone

I get violent in a rage when I'm sat alone  
I can criticize the world when I'm sat at home  
In bed  
No make-up on my face  
Filter covered up my lows

If I don't wake up Monday morning, I'll make it up to you, babe  
If I don't wake up Monday morning, I'll make it up to you, baby

See me when I'm here but I'm lost  
In the pure wanderlust  
Hold tight when the sky's not enough  
Give me pure wanderlust  
Give me pure wanderlust

I see my life in motion  
Mistakes in motion  
Misplaced emotions

I get violent in a rage when I'm sat alone  
I can criticize the world when I'm sat at home  
In bed

If I don't wake up Monday morning, I'll make it up to you, babe  
If I don't wake up Monday morning, I'll make it up to you, baby

See me when I'm here but I'm lost  
In the pure wanderlust  
Hold tight when the sky's not enough  
Give me pure wanderlust

Kessinahiiii  
It's alright  
To be the light  
To cross the sea  
To wanna ride with higher tides  
You've one life to live, do it freely  
It's your choice to break or believe in it  
I'll be in my head if you need me  
Right there if you need me

See me when I'm here but I'm lost  
In the pure wanderlust  
Give me pure wanderlust
