

## Water Me

FKA twigs

He won't make love to me now  
Not now, I've set the fee  
He said it's too much in pounds  
I guess I'm stuck with me

He told me I was so small  
I told him "Water me"  
I promise I can grow tall  
When making love is free

He won't make love to me now  
Not now, I've set the fee  
He said it's too much in pounds  
I guess I'm stuck with me

He told me I was so small  
I told him "Water me"
