

Is Magic Gone

FKJ (French Kiwi Juice)

You came in my life in such a way
Baby, now you're going away
Coming across, you were so strong
Is magic gone?
I've been waiting now for too long
I have to tell you now all my thoughts
Our flame is only getting bloomed
Is magic gone?

Is magic gone?

Is magic gone?
Is magic gone?

You came in my life in such a way
Baby, now you're going away
Coming across, you were so strong
Is magic gone?
I've been feeling this for too long
I have to tell you now all my thoughts
Is there a way to carry on?
Oh, is magic gone?

Is magic gone?
