

## Vibin' Out

FKJ (French Kiwi Juice)

Fittin' in your vibe and you be stylin' out too quickly  
Man it's just the way you do it when you move so swiftly  
Vibin' out to you, it makin' me too human  
Smokin out the way I feel emotion, emotion  
So good it's so bad, it's so bad it's so new  
I'm wishin' at the end of June  
Clouds in my shroud in my vision grow clearly  
Can't see ahead if I'm fine when I leave me  
What is the sayin' when you should let go  
What is so impossible?  
Do me like that with a smile, with a smack  
With a all your nose, you know me, no you know me better

No rainy, no windy, no sun  
Just music and just with the one  
I'm fine like that, fine like that, fine  
I never be losin', I've won every time

No, you know knows me no better like that  
Fittin' in, your styling out too quickly  
Man it's in the way you do when you move so swiftly  
Vibin' out to you make me too human  
Smokin' out the way I feel emotion  
It's so good it's so bad, it's so bad it's so new  
Wishin' at the end of June  
Clouds in my shroud in my vision grow clearly  
Can't see ahead if I'm fine when I be leavin' me  
What is the sayin' when you let go  
What is so impossible though  
Do me like that with a smile, with a smack  
With all your nose you know better like that  
When we be on the scene when ya gottem  
Wingin' me weather

No rainy, no windy, no sun  
Just music and just with the one  
I'm fine like, that fine like that, fine  
I never be losin', I've won every time

No it's  
Up from above it don't leave me behind  
It's around all the Earth, and we know it's divine, yes  
When I'll be emptyin' all of my mind, I see
