

Something's really missing, oh my God
 Something's really missing, oh my God
 Something's really missing, oh my God
 Feel like I'm back from 1525
 Something's really missing, oh my God
 Feel like I'm back from 1525
 Something's really missing, oh my God
 This is trippy, trippy, odd
 This is wild, oh my God

Something is missing, feel like the village went vacant
 Like it's been pillaged in a revolt from all the peasants
 Even the Scriptures were cut and pasted, missing pages
 Something is different, left all the laws and regulat-
 We call 'em radicals, some of them revolutionaries
 Let's call 'em Anabaptists, rebaptizers, man, that's scary
 January 1525, Felix Manz had a visit
 In his kitchen when it all begun
 George Blaurock, Conrad Grebel, they all connected
 Rejected biblical baptism's message and started spreadin' it
 Now here we are, at further distance from our ancient faith
 A metaphor is how we speak of this amazing grace
 Help us, Lord

Something's really missing, oh my God
 Something's really missing, oh my God
 Something's really missing, oh my God
 Feel like I'm back from 1525
 Something's really missing, oh my God
 Feel like I'm back from 1525
 Something's really missing, oh my God
 This is trippy, trippy, odd
 This is wild, oh my God

Some Protestants have now added burdens with blurred lines
 Sweet sacraments overthrown or undermined
 Excessive fruit checkin' like Adam in the Garden of Eden
 Ignore God, heed the serpent, then we start eatin'
 A lot of sermons in pulpits like a Gnostic wrote 'em
 A lot of Scripture quoted but symbolism get emoted
 This dude assumed that I went to visit the Vatican
 Came back with vestments stressin' the sacraments
 But that's not the case, just bein' accurate
 Preserving our faith protected by Africans
 Eastern Fathers, Europeans, we've got a whole heritage
 Evangelicals disparage and label you a heretic
 Help us, God

Something's really missing, oh my God
 Something's really missing, oh my God
 Something's really missing, oh my God
 Feel like I'm back from 1525
 Something's really missing, oh my God
 Feel like I'm back from 1525
 Something's really missing, oh my God
 This is trippy, trippy, odd
 This is wild, oh my God

The Anabaptists rejected yet another part of the Medieval and Christian tradition and again they kind of fit from the standpoint of a Radical Reformation
