

Another Man's Shoes

Flame

Sometimes we win sometimes we lose
With the choices we all choose
But you'll know until you
Walk in another man's shoes
You may think it's what you know
What you thought you thought fasho
Until you walk in
Another man's shoes

So you wanna walk in these based on what you see
Huh
Measuring yourself up against me
They ain't gon' fit your feet
Nah
It's scary how very often
Can barely carry my crosses
I've buried so many coffins
I'm weak
But all you see
Are the brightest moments
Viral moments
Make you wanna live just like it don't it
But let me invite you inside this moment
It's like all the lights were off and the whole system switched up charging
cost
It's like doing our Penance and paying for Indulgences that our Christ got 1
ost
So I put my neck on the line
They put a price on my head
They sent their hitters to slide
I hit the tower and hid
Salute to Frederick the Wise
But I'm trusting the Spirit of God
I'm preaching the gospel then closing my eyes
I opened them up and then both of my daughters had died
GOD!

Sometimes we win sometimes we lose
With the choices we all choose
But you'll know until you
Walk in another man's shoes
You may think it's what you know
What you thought you thought fasho
Until you walk in
Another man's shoes

I could've stayed silent
I ain't have to make a real big deal about it
But I couldn't stay silent
While faith is attacked by Satan the tyrant
Guess that makes me a marked man
Marcus Gray see a warrior walked in
Through my momma named Carolyn Gray and my daddy named Sam and their both in
the Lord's hands
While I'm still on this earth
Dealing with hurt in my feelings at first
Why would You take them from me back-to-back

How does an only child handle that
Knowing there chapters that we hadn't closed
How could You end the story on the lows
End it on the highs
When a Christian dies
We're incentivized
Heaven gives us hope
But they see the Grammy nomination and the compensation hitting stages with
the gang
But when you push ancient Christianity through Word and Sacrament then you s
ee people change
DANG!
I really thought they would hallelujah
The closest to ya will cock-and-shoot ya
Standing too close to Dr. Luther

Sometimes we win sometimes we lose
With the choices we all choose
But you'll know until you
Walk in another man's shoes
You may think it's what you know
What you thought you thought fasho
Until you walk in
Another man's shoes
