

Believe

Flame

Yeah

I know you know the truth
There is no time to lose

So off what you believe
Put off put off put off what you believe

Put that red dot,
On me drop me where I stand
Absent from the body (body)
Present with him (amen)
And while I'm in the body
Baby am putting on,
The aroma of Christ, (Christ)
can you smell my cologne (Cologne)
It's a strong fragrance
Can't let it permeate
My life and my speech
Just speak my statement of faith (amen)
Because what I believe is more than mental can see (it's true)
But it's the truth in it that's surely meant to repeat (amen)
And for these raw facts
We catch a lot of flags (we do)
And some have deviated and some come crawling back (amen)
Cuz there are consequences when you regard him as whack (it's true)
But when you trust,
It's just like the dart in his back

Yeah

I know you know the truth
There is no time to lose

So off what you believe
Put off put off put off what you believe

There is an established altar that God has set in place (set in place)
It's for our benefit (benefit)
And it should be (be embraced)
I believe life (life), begins a conception (conception)
I believe Christ (Christ), the only way to heaven (amen)
And I believe marriage is between man and a woman (it's true)

And that Jesus is God (God)
And in his second coming (amen)
See what I know is true (true)
We saved by Grace not Works (not works)
We pray by faith he took our place and placed us in his church (amen)
I know persecution, comes from bearing the name (the name)
We may suffer now (suffer now)
But later we reign (it's true)
When we submit to these
Biblical emphasis (emphasis), then God is pleased
That's what I believe (what I believe)

Yeah

I know you know the truth
There is no time to lose

So off what you believe
Put off put off put off what you believe

The world is pressing harder
Their losing their patience (it's true)
They think it's hatred when a Christian makes a simple statement (so true)
But this I owe to David,
We will not compromise
Just as sure as you look up and see the violet skies (amen)
It's getting darker, hearts are getting harder
God is making his appeal through us his sons and daughters (daughters)
Be reconciled (now), make up with your maker
That's our message homie
Don't muzzle your faith
See it's love when we, tell me before it's too late
See it love when we, tell me to reconcile
This can be done when we, keep depending on his Grace
Until he comes we must keep, continuing for the faith
Put am...
