(Boy you can't hide that truth you know)  
No you can't hide that proof you know  
Dude stop lying  
(Ooh)

Life is like a jungle  
Young and swinging rifles  
Like the tyke was in the color guard  
Am I right about it when I write about it  
By the Bible, about the money, cars?

(Yeah)  
On the records man he's swear he hard  
But your favorite rapper got a body guard  
(Ha!)  
And shorty want them likes  
(clack, clack, clack)  
Going viral showing body parts

Ain't that the truth  
Ain't that the stuff that we do  
Don't we just fit in these shoes  
Breaking the rules  
Acting like we got no clues  
So quick to make an excuse  
Why do we use  
One another like some fools  
So quick to lust and seduce  
Let's make a truce  
Promise never to abuse  
One another, then we do  
We make the rules

Guess it's in our DNA huh  
I'll be drinking with the K's huh  
All the sudden [?] huh  
Sunday hallelujah praise huh

Yeah I call it how I see  
(See)  
Boy I tell it how it is  
(Yeah)

Got second chances like grace (like grace)  
It's black and white like race (like race)
