

## Go Tell

Flame

You the reason  
For the season  
I can't stop cheesin'  
Sweet baby Jesus  
It's You, I believe in  
Cause of You I'm with the family  
We feastin'  
You the One and Only true King  
You the Chosen

When the money tight and COVID trippin'  
Holidays just hit different  
I don't need gifts  
Just thankful for a love life and happiness this Christmas  
Mac calling up from prison  
I'm laughing with him on speaker phone  
Grandma smiling down on us but it feel different ever since she went home  
Squashing all my old beefs with a few dudes that we used to hang together  
And I know that we can do it  
Even Gucci Mane and Young Jeezy came together  
Watching all my friends posting pictures with their wives got me feeling stressed  
Next year watch I'mma be married cuddled up man my future so blessed  
Talking bout yes  
That's how we rockin'  
Used to get jolly ranchers in my stockin'  
Used to candy canes from my momma  
Now I got candy paint on the impala  
You know me Imma provide for the fam  
Look at me man, I am who I am  
Worshipping God and pursuing His plan  
Amen

You the reason  
For the season  
I can't stop cheesin'  
Sweet baby Jesus  
It's You, I believe in  
Cause of You I'm with the family  
We feastin'  
You the One and Only true King  
You the Chosen

Oo-yea  
It's been a hard year  
Still through it all know the LORD been here  
Still can't tell me that my God ain't real  
Yea I might have to heal but I'm still right here  
Yea, buried my momma this ye, um  
Guess it was part of His plan  
To be honest I'm still grieving  
Only few can understand  
Took some other fatal losses  
Spiritually I've been exhausted  
For a moment thought I lost it  
Then I saw Him on the cross with it  
Nails in His hands and His feet

Then I see em crown Him with thorns  
Manger was where He was born  
Angels proceeded before Him  
God in the physical form  
I'm with my brothers we locked  
How much He love us a lot  
Our sin is covered  
We do not covet  
How much He suffer a lot  
You can find me at the foot of the tree  
And at the foot of the cross  
That's what it cost  
I see boy, you got the sauce  
But don't let the meaning get lost, yea

You the reason  
For the season  
I can't stop cheesin'  
Sweet baby Jesus  
It's You, I believe in  
Cause of You I'm with the family  
We feastin'  
You the One and Only true King  
You the Chosen

You the reason
