

He Delivers

Flame

God He gon' get you the gift (He promised us)
Watch Him deliver the gift (He promised us)
Water and Word watch the drip (He promised us)
Father, Son, and Holy Spirit
God He gon' get you the gift (He promised us)
Watch Him deliver the gift (He promised us)
Water and Word watch the drip (He promised us)
Father, Son, and Holy Spirit

Now we at the River Jordan John the Baptist baptized Jesus then he brought Him out the water
Father, Son, and the Holy Spirit all present like how the creation started
Heavens opened up, spirit descended like a dove then He came down and rested on Him
This my Son in whom I'm well pleased the Father speaks from heaven put His blessing on Him
This the Logos who met the standard of the law with no flaws
He kept the standard no commandment broke at all
Yet He was tempted on every hand and never choked at all
The text reveals He did fulfill all righteousness in fact
Then hit Golgotha's Hill and blood got spilled in that sacrificial act
Now He is the promise the Father has made us
Through prophets and priest to be our mediator
His baptism basically inaugurated
To bring new beginnings redeeming creation
Now how we access what He earned back then
Historic objective for women and men
With no exceptions He died for our sin
Christ said by faith you get baptized in

God He gon' get you the gift (He promised us)
Watch Him deliver the gift (He promised us)
Water and Word watch the drip (He promised us)
Father, Son, and Holy Spirit
God He gon' get you the gift (He promised us)
Watch Him deliver the gift (He promised us)
Water and Word watch the drip (He promised us)
Father, Son, and Holy Spirit

Baptism is God's promise coupled with the water
Where He promises to give us all the
Benefits we get from crucifixion
Like forgiveness of our sins
Hold up
If you will it's like irrigation
Delivering grace and salvation
A Sacrament that He instituted
He can freely do it He is God ain't He
It's a work that He does for us mii boi
And our faith just receives it, trust mii boi
But that faith is gift He gave us mii boi
I'm not making this up look it up mii boi
Unless one is born of the water and Spirit
Then how can he enter the kingdom of God
So He baptized us in the Triune name
Holy Spirit, the Son, the Father
Selah

When I'm doubting my faith and I'm stuck in my head
Then I look outside to the promise He gives
That baptism saves
Was buried and rose up with Christ
That's what our baptism is
And everything Jesus' baptism did
We benefit 'cause our baptisms in His
The Spirit, forgiveness, Jesus' perfection
Resurrection, the Word and the water gives

God He gon' get you the gift (He promised us)
Watch Him deliver the gift (He promised us)
Water and Word watch the drip (He promised us)
Father, Son, and Holy Spirit
God He gon' get you the gift (He promised us)
Watch Him deliver the gift (He promised us)
Water and Word watch the drip (He promised us)
Father, Son, and Holy Spirit
