

This Is Christianity

Flame

It's not by my moral conduct when my life runs out of time
Was I standing on my business by His righteousness or mine
Was I trying to justify myself all by myself or nah
Did I believe in Him by baptism Ephesians 4 and 5
Oh my God
I know
Apart from
Christ I'm
Slime
You say
You no sin
Then you just
Lying
Even Nicene Creed said it
Water and Word is how we get it
Many martyrs got beheaded
Believe the Lord you won't regret it

What is this what is this
One Lord
What is this what is this
One Faith
What is this what is this
One Baptism
What is this what is this
No chaser

What is this what is this
One Lord
What is this what is this
One Faith
What is this what is this
One Baptism
What is this what is this
No chaser

This is this is Christianity
Father
Son
The Spirit Trinity
God barer through virginity
Bore the Son in His divinity
Bore the Son in His humanity
Sent to save us from our vanity
Baptism for remission of
Sin
This is Christianity

See "we hold that one is justified by faith apart from all the works of the law"
This the essence and our Christian message we made a mess they sent Christ to the cross
The carnal mind says to walk in the flesh
That we can please God by our good deeds
We're sin sick please send us a Savior
To save us from trying to save ourselves please
That's the disease

That's the disease
Original sin yes that's the disease
And our actual sin where we actively sin is a manifestation of the way we're
conceived
Sweet the taste is the grace of our God
God the Father who sent us His Son
To reconcile the world unto Himself
Through Word and Sacraments
That's how it's done

What is this what is this

What is this what is this

What is this what is this

What is this what is this
