

Do Glowy

Flaming Lips

Glowy Glowy glow
Let's get together yeah
Glow glow glow glow
Glarey and glarey yeah
Doin' it right, doin' it like you care
Under the tree where the spider got in your hair
And I thought we should spend the night together..
Dewy dewy dew
Let's get together yeah
Drip drip drippy glow
Glowy and drippy yeah
Dewing in it right, dewing it like you care
Runnin' all night through the flowers that eat us there
And I thought we should spend the night together..
Thought we should spend the night together
Glowy Glowy Glowy Glowy Glowy Glowy glow..
