

# I Don't Want You To Die

Flaming Lips

Imagine there's no Heaven, it's easy if you try  
No hell below us, you don't go anywhere when you die  
(I don't want you to die and I don't want me to die)  
It's hard to say goodbye when all the birds are singing in the sky

They can find a way in the future someday  
A drug that lets us live forever, me and you will take it  
And after all we're only roses when we die, oh, I don't want to say goodbye  
After all we're only roses in the sky, oh, I don't want to say goodbye  
It's hard to say goodbye when the sun is setting in the sky  
In the sky, in the sky
