

It Overtakes Me

Flaming Lips

Sometimes I lock myself inside your closet
Breathe in the scent of your clothes
Take home a T-shirt and pretend I lost it
Hide it under my pillow, call me

Crazy, I'm crazy that way
Boy I must be insane
Crazy, I'm in need, don't care what people say
I'm crazy that way
I'm crazy that way

Baby I don't wanna talk about it
Got this feeling in me I know
There's no reason to deny or doubt it
Only thing that keeps me from going

Crazy, I'm crazy that way
Boy I must be insane
Crazy, I'm in need, don't care what people say
I'm crazy that way
I'm crazy that way

And my imagination runs away with me
I try and fight it but it's more than I can take
You see the fire burning in my eyes and you realize
I'm crazy that way

Crazy, I'm crazy that way
Boy I must be insane
Crazy, I'm in need, don't care what people say
I'm crazy that way
I'm crazy that way

La la la I'm crazy that way
