

Peace Sword (Open Your Heart)

Flaming Lips

I was trained to ignore your pain
Open your heart to me
I trade the sun of its light
Open your heart, you'll see

Open your heart to me
Open your heart, you'll see
Open your heart to me
Open your heart
(Are you a soldier?)

All the stars above all day
As bright as it can be
All the smart in my head
Open your heart and see

Open your heart to me
Open your heart, you'll see
Open your heart to me
Open your heart
Open your heart, you'll see
