

Shit Talkin

Flaming Lips

If you want to go then we can pack our bags so quietly
We're not ones for subtlety some things we just suddenly
Yesterday was simple
No brand name just people
Lazy day and no one watching and shit talking

Oooh, Oooh

I'd like to take you far away I'd like to take you to a place
I'd like to take you far from fame I'd like to take you somewhere safe
Yesterday was simple
No brand name just people
Lazy day and no one watching and shit talking
