

## Take Meta Mars

Flaming Lips

Yeah, 'cause when I drive in my car  
We put heads in jars  
So take me please, take me to mars  
I wanna go where they are (2x)  
I wanna go

Yeah, and if I'm lost, well I don't care  
'cause I walk on endless stairs  
You say it's me, I think it's you  
Who can blame us for thinkin' the way we do  
'cause we don't care what we are (2x)

Take me please, take me to mars (3x)  
Take me to mars (5x)
