

(Ayla, Ayla)
Why'd you run away
Why'd you run away
(Ayla, Ayla)
Why'd you hide away
Why'd you hide away

I tremble and shake
Quiver and ache
Suffer and sigh
Fever is high
Struggled, it's tough
And we've waited long enough
When the time is right
The time is right for love

(Ayla, Ayla)
No more waiting now
No more waiting now
(Ayla, Ayla)
We can take it now
We can make it now

Nights are getting longer
Days are getting short
My love's growing stronger
Your love's burning hot
We've been through the motions
And we've waited long enough
When the time is right
The time is right for love

I tremble and shake
Quiver and ache
Suffer and sigh
Fever is high
Struggled, it's tough
And we've waited long enough
When the time is right
The time is right for love
The time is right
The time is right for love

(Ayla, Ayla)
(Ayla, Ayla)
(Ayla, Ayla)
(Ayla, Ayla)
(Ayla, Ayla)
(Ayla, Ayla)
(Ayla, Ayla)
(Ayla, Ayla)
