

Headhunter

Flash and the Pan

The party look familiar
A caith of déjà vu
Is this where it will happen
The connection of two
Conversation hopeful
The mind begin to soar
The answer is revealing
Try another door

How does it feel to be a head-hunter
Head-hunter, head-hunter
How does it feel to be a head-hunter
Head-hunter
Turning out the light
Head-hunter
Meaning through the night

Searching
Hoping
Coping
Meaning
Needing
Needing
Needing
Connection

The mind is filled with nature
In such exquisite pain
The howling of the night wind
The glory of the rain
The world is slowly fading
And majesty unfolds
Is this the final answer
The story told

How does it feel to be a head-hunter
Head-hunter, head-hunter
How does it feel to be a head-hunter
Head-hunter
Turning out the light
Head-hunter
You in the night
