

Loaded Gun

Flatfoot 56

They say I'll kick you in the face
We say can I take your place
They say Crush them when they're weak
We say Turn the other cheek

Hey hey this is my loaded gun

They Say, I hate your colored skin
We say, We're all the same within
They say, You're the scum of the earth
We say, we can only see your worth

Ramrod lock and load
