

## Ashes

## Flatland Cavalry

My heart was beatin' like a bully on the smallest in our class  
Chasing you 'round the playground through the sandbox and the g  
rass

I'm still haunted by your memory and echo of your laugh  
You took my hand and showed me how to see

Ashes, ashes all fall down  
I was lost, but now I'm found  
Merry, merry we go 'round  
And ashes, ashes all fall down, hey

Highlight reels from our wonder years play reruns in my mind  
Turn behind my eyelids, they help to pass the time  
You've always been a beauty, babe, but nothing can compare  
Seeing you standing there with flowers in your hair  
Dance barefoot beneath the stars to a Neil Young tune  
Fireworks flamed down from a July moon  
And we sang baby

Ashes, ashes all fall down  
I was lost, but now I'm found  
Merry, merry we go 'round  
It's ashes, ashes all fall down, hey

(Ah-ah-ah-ah-ah-ah-ah-ah-ah-ah-ah-ah-ah-ah-ah-ah)  
Ah-ah-ah-ah-ah-ah)

All these years, I still hear your whispering in the wind  
Calling me to come back here to where it all began  
I hope somewhere from the other side  
You're free from all the pain  
I wipe a tear with a wrinkled hand  
And sing one last refrain

Ashes, ashes  
(Ashes, ashes)  
Ashes, ashes  
(Ashes, ashes)  
Ashes, ashes  
(Ashes, ashes)  
Oh, ashes, ashes  
(Ashes, ashes)  
Ashes, ashes  
They all fall down
