

## Come Back Down

Flatland Cavalry

You're a sight for sore eyes  
Won't you get on over here?  
I'd run and wrap my arms around you  
If I could get out this chair  
Hell, I can't get out of this chair

Tell me son now how's the city?  
How's it all playin' out?  
You've been in mine and your daddy's prayers  
Never cast one doubt  
Knew the day we brought you home  
You were bound to be a star  
Just wish you didn't grow so quick  
And have to live so far

You've been gone for way too long  
Thought you was never gonna come back down  
Throw some coffee on the pot  
Let's sit and talk about  
How we thought you were never gonna come back down

The winds of change must be blowing  
Look who's back in town  
Did you fall down from your throne  
Or did you lose your crown?  
Aw hell, all's well little brother  
Look how much you've grown  
Save your tears for a rainy day  
Our lost one has come home

You built a castle in the sky  
Thought you was never gonna come back down  
Round the boys up to the spot  
Maker's all around  
Hell, we thought you were never gonna come back down

I've been gone for way too long  
Thought I was never gonna come back down  
It's good to kick some dirt back up in my stomping grounds  
Thought I was never gonna come back down  
Thank God I came back down
