

# Daydreamer

Flatland Cavalry

You could say I got my head in the clouds  
Wear my heart on my sleeve, got it all figured out  
And by the smile upon my face  
You'd never thought I'd ever had a doubt

Other folks call me a gambler  
Reckless messbettin' his last hand  
But you can't afford to lose  
When you always go all in

I'm a dreamer in the sunshine  
Rototilling rainbows in my mind  
Sowing stardust and reaping light

Wandering the desert desperate and alone  
Ponderin' an Oasis, now I found a home  
Cool running waters top off my soul  
In a flash I'm a-gasping on a bustling city street  
Knee deep in concrete, I can't feel my feet  
Might as well just go back to counting sheep

I'm a dreamer in the sunshine  
Rototilling rainbows in my mind  
Sowing stardust and reaping light  
I'm a daydreamer  
'Cause I can't wait for bedtime  
To see what my fate holds  
'Cause I need to know what I'll be  
Don't you wanna be a daydreamer like me?

I'm a dreamer in the sunshine  
Rototilling rainbows in my mind  
Sowing stardust and reaping light  
I'm a daydreamer  
'Cause I can't wait for bedtime  
To see what my fate holds  
Well I need to know what I'll be  
Don't you wanna be a daydreamer like me?  
Don't you wanna be a daydreamer like me?
