

## Gettin' By

Flatland Cavalry

Padre's cashin' in that overtime  
Charcoal grill; Friday night  
Styrofoam cooler stocked cold and light  
Just gettin' by  
Watch us young ones run round the yard  
On the tail end of a week worked hard  
Raise a toast to the stars  
And a can up to the sky

Ain't rollin' low or flying high  
Somewhere in the middle just gettin' by  
Been in-between most all my life  
All I ever wanted sittin' by my side  
Somewhere in the middle just gettin' by

If I knew then what I know now  
What being a good man is all about  
I'd a told him I was proud  
Just gettin' by  
Now we don't hurt for money, ain't short on love  
Ain't got it all but we got enough  
Bills get paid, mouths get fed  
Got a good lovin' woman laying in my bed

Ain't rollin' low or flying high  
Somewhere in the middle just gettin' by  
Been in-between most all my life  
All I ever wanted layin' by my side  
Somewhere in the middle just gettin' by  
Somewhere in the middle just gettin' by

Raise a toast to the stars  
Can up to the sky

Just waitin' on the by and by  
Somewhere in the middle just gettin' by  
Been in-between most all my life  
All I ever wanted standin' by my side  
Somewhere in the middle just gettin' by  
Somewhere in the middle just gettin' by  
Oh just gettin' by
