

How Long

Flatland Cavalry

Moving on's the hardest thing
I've ever had to do
These days
I can't stand to look in the mirror

To know you're being loved on
From some other's point of view
Makes the light in my eye shine dimmer
Wondering...

How long, how long
Is it gonna take?
How long, how long
Does a heart, break?

Amidst the spirits and the smoke and neon crowds that never rest
I cling to lonely like cold loves a winter day
And I'll hold on to this heartache like cast iron in my chest
And I'll hide it all behind a poker face

How long, how long
Is it gonna take?
How long, how long
Does a heart break?

Each second burns like hours
And each hour feels like days
How long, how long is your memory gonna stay?

How long, how long, is it gonna take?
How long, how long, does a heart break?
