

## Missing You

Flatland Cavalry

I heard you finished school  
And you're heading back home  
You found yourself a wealthy man  
Who plans to make you all his own  
You know me, I'm doing just fine  
Cigarettes and Adderall been keepin' me alive

I've been goin' right back  
To a special time  
I'm goin' right back, when you were mine  
'Cause I've been missin' you, I've been missin' you  
I've been hopin' that you'd been missin' me too  
'Cause I've been missin' you, I've been missin' you  
All this time

No, it wouldn't take long  
To fix all this  
Just say the words I'd give it all up  
For just one more kiss  
And I can't complain  
Of the disarray  
I guess all I'm saying is it's hard to sleep at night in the bed I've made

'Cause I've been goin' right back  
To a special time  
I'm goin' right back to when you were mine  
'Cause I've been missin' you, I've been missin' you  
I've been hopin' that you'd been missin' me too  
'Cause I've been missin' you, I've been missin' you  
All this time

Looking back, we used to turn heads  
These days I turn mine and you ain't in my bed

'Cause I've been missin' you, I've been missin' you  
I've been hopin' that you'd been missin' me too  
'Cause I've been missin' you, I've been missin' you  
All this time  
All of this time
