

## Mountain Song

Flatland Cavalry

Mountain, mountain  
It's good to see your face  
Mighty wonder  
High above the plains  
Mountain, mountain  
Could I take your place?

River, river  
Take me away  
Wash me clean  
Keep my sins at bay  
River, river  
Take me away

Piñon perfume blowin' in the wind  
Time ain't a thing here  
Luck is my best friend  
Carryin' with me everything I own and who I am  
Pray to God I see your face again  
Pray to God I see your face again

Stars a burnin'  
Up in the sky  
Celestial angels  
Teach me how to fly  
Stars a burnin'  
Won't you take me on high?  
Take me on high

Pine tree campfire  
End of the night  
Embers burnin'  
Shedding new light  
Bottle of Blanton's  
Got me feelin' right  
Mountain, mountain  
Keep me company tonight

Piñon perfume blowin' in the wind  
Time ain't a thing here  
Luck is my best friend  
Carryin' with me everything I own and who I am  
Pray to God I see your face again  
Pray to God I see your face again
