

# Sober Heart Of Mine

Flatland Cavalry

Well if I could I would  
Stay drunk all the time  
But then again I'd never, I'd never get to know  
This sober heart of mine

All of my friends would be shadows  
Leave me alone at closing time  
My tab would be real high, and I would feel real low  
When they turn on all the lights

If drunken words were sober thoughts  
Well I'd tell you what's on my mind  
Purge the pride and the pain  
That I drown in when I'm dry

Speakin' cursive with a slur  
Speakin' curses is a crime  
To a sober man with a badge in his hand  
Reading me my rights  
Oh now just because I can  
That don't mean I should  
Forever lasts forever, if I never get to know  
This sober heart of mine

Oh but if I could I would  
Stay drunk all the time  
I guess I'll never ever get to know  
This sober heart of mine

I guess I'll never ever get to know  
This sober heart of mine
