

Shoulda gone home  
'Fore the band came on  
Coulda called a cab 'fore it got bad  
Shouda known when to walk away from a game I ain't winnin'

Here I go again spinnin' 'round a dancehall  
Hopin' I don't fall  
Yeah, I'm glowin' floatin' higher than the ceiling  
Feeling six-foot small  
Not sure why tonight I thought it'd go different  
Here I go again spinnin'

Who'd of known a burned-out bar  
Would be hidin' place for a wandering star?  
Darlin' you look lost and I feel found  
Guess the universe is on your side  
When luck and loneliness collide  
So, hand in hand  
Merry, we go 'round

Here I go again spinnin' 'round a dancehall  
Hopin' I don't fall  
Yeah, I'm glowin' floatin' higher than the ceiling  
Feelin' six-foot tall  
Not sure why tonight I thought it'd go different  
Here I go again spinnin'

Spin me 'round one more time

Oh, here I go again spinnin' 'round a dancehall  
Hopin' I don't fall  
Yeah, I'm floatin' goin' higher than the ceiling  
Feelin' six-foot small  
I'm not sure why tonight I thought it'd go different
