

## Well-Spent Time

Flatland Cavalry

Put on that secondhand dress and your red lipstick  
Got a bottle of Yellow Tail and a sunset with your name on it  
We ain't gotta break the bank to make a memory  
All I need is in you, All you need is in me  
My heart flutters as you smell your backyard bouquet  
"If I told you you're the prettiest of the flowers would it be cliché?"  
You smile and say, "Boy, you just keep your eyes on the road.  
We got a long night ahead of us, let's see where it goes."

Some things money can't buy  
Like a hopeful heart and a watchful eye  
Living costs a pretty dime  
But loving, it don't cost nothing, just a free and open mind  
And a little bit of well-spent time

You shine brighter than Saturn, standing there laughin'  
With a mason jar lightnin' bug lantern  
We shed the worries of the world one laugh at a time  
Share a joke, and a smoke, and sip cheap wine

Some things money can't buy  
Like a hopeful heart and a watchful eye  
Living costs a pretty dime  
But loving, it don't cost nothing, just a free and open mind  
And a little bit of well-spent time

Layin' beneath a blanket of stars out in the country land  
It feels like we're sitting in the palm of God's great hand  
A starlit angel wrangles from this callused man  
All those feelings that make life worth living  
Babe you make life worth living  
Right now I really feel like I'm livin' on well-spent time

Some things money can't buy  
Like a hopeful heart and a watchful eye  
Living costs a pretty dime  
But loving don't cost nothing, just a free and open mind  
And a little bit of well-spent time  
Just a little bit of well-spent time

Put on your secondhand dress and your red lipstick  
Got forever and a sunset with your name on it
