

# Disgusted

Flaw

My life is a twist up  
Thats right  
You cant say that  
You never fucken missed up  
And to all those who have been great.  
So I turned to fate  
And jump off long state  
And in every area  
I am so sick  
Too want to live  
And just too figure  
I said I am over whelmed

Maybe just tell my self to go to hell

Fed up  
With  
Fed up with my

Fed up  
With  
Fed up with my

Fed up  
With  
Fed up with my

MY LIFE!  
Fed up  
With  
With my  
MY LIFE!

United I stand  
And divided I fall

Seeing my soul

All nailed to the funken wall

All tied up in this cage

Thats black you got on my Bright and complete day

I should end it Now

Because I feel it burning itching slowing me down

It an easy way out

I'm bloated cant speak Cant even shout

Fed up  
With  
Fed up with my  
Fed up  
With

Fed up with my  
Fed up  
With  
Fed up with my

MY LIFE!  
Fed up  
With  
With my  
MY LIFE!

Ah yeah yeah  
Yeah  
It would be much easier not to have to  
Wake up  
Get UP  
Stand up  
Face the emotions inside  
Its not self distruction  
With my days  
My nights  
My whole entire net worth  
So why  
[why}  
Cant it all just seace (seace)  
The negative reflects have to decrease (decrease)

Even with my future all blank

With this ego and emptiness turned into dead crank

Of Nothing is keeping to my mind set up

Is there a way out of this mental bind (No.)

Aching for help assistance asylum

Breaking the weight against this my own mental Bylines  
As I find my last words (last words)

All this life flashes by  
Like film in my mind in my head

It hurts but can't cry

Is only sealing the fate  
With dissapointment and hate

I got tah  
Go  
Threw with this

I got tah  
Go  
Threw with this

I got tah  
Go  
Threw with this

I got tah  
I MUST GO THREW WITH THIS!

And I wait  
Longer each day

I still wait

Maybe today

Maybe today

Maybe today

You know I must

You know I must

You know I must

You know I must

I must succeed  
Find purpose life  
Pain closed in need  
Cant take no more cant take it  
I must succeed  
Find purpose life  
Pain closed in need  
Cant take no more cant take no more

Find purpose life

I must succeed any way

I must succeed any way

I must succeed any way

Brought to my knees

Again

Might I suggest  
Its nothing  
Its nothing  
NOTHING BUT THE FACTS yall
