

## Sun Giant

## Fleet Foxes

What a life I lead in the summer  
What a life I lead in the spring  
What a life I lead when the wind, it breathes  
What a life I lead in the spring

What a life I lead when the sun breaks free  
As a giant torn from the clouds  
What a life indeed when that ancient seed  
Is a-buried, watered and plowed

What a life  
What a life  
What a life  
What a life

What a life I lead in the summer  
What a life I lead in the spring  
What a life I lead when the wind, it breathes  
What a life I lead in the spring
