

## Sun It Rises

Fleet Foxes

Red squirrel in the morning  
Red squirrel in the evening  
Red squirrel in the morning  
I'm coming to take you home

The sun rises  
Over my head  
In the morning  
When I rise

Hold me dear  
Into the night  
Sun, it will rise  
Soon enough

The sun rising  
Dangling there  
Golden and fair  
In the sky
