

Do You Know

Fleetwood Mac

Do you know all there is to know about love?
And if you do
Then let me know if I have learned enough
To make it without you

Can I learn all about love?
I don't know enough to make it alone
Well, I can leave it just the way it was
I can try, I'm gonna try

And if I fall
If I ever fall in love again
I hope I will feel the same

Can I learn all about love?
I don't know enough to make it alone
Well, I can leave it just the way it was
I can try

Do you know all about love?
Do you know enough to make it alone?
Can you just leave it the way it was?
Can you try?

Can I learn all about love?
I don't know enough to make it alone
Well, I can leave it just the way it was
I can try

Well, I can leave it just the way it was
Let me try

Well, I can leave it just the way it was
Let me try

Well, I can leave it the way it was
