

## Like Crying

Fleetwood Mac

She's got so much blues  
Her best friend can't help her  
Her best friends a woman  
How can a woman help her  
Woman's got the blues

She just feels like crying  
She just feels like dying  
Woman's got the blues

She just feels like dying  
She just feels like dying  
Woman's got the blues

Womans got the blues
