

Stranger Blues

Fleetwood Mac

I'm a stranger here and i just rode into town
i'm a stranger here and i just rode into town i wonder how long
does my baby know i'm here
i wonder how long does my baby know i'm here
just because i'm a stranger everybody wants to dog me around
i'm a stranger here and i just rode into town
i'm a stranger here and i just rode into town
just because i'm a stranger everybody wants to dog me around

Just because i'm a stranger everybody wants to dog me around
i wonder how long does my baby know i'm here
i wonder how long does my baby know i'm here
just because i'm a stranger everybody wants to dog me around
i'm a stranger here and i just rode into town
i'm a stranger here and i just rode into town
just because i'm a stranger everybody wants to dog me around
