

## Beneath Contempt

Flesh Field

I can only take so much before my back will break.  
So tell me what you've learned from your thousands of  
Mistakes.

I don't want to be anything like you are.  
New strains of apathy infecting all the old scars.

So many times I thought you would come through for me.

You've had your chance to prove your authenticity.  
So many complications.  
So many limitations.  
All lead to confrontations,  
And violations of trust.

I didn't want to believe that you could be so quick to  
Deceive.  
I thought you understood.
