

Obliteration Bizarre

Fleshcrawl

Vast abandoned soil
Endless fields of dust
Humanity's embroiled
In Deaths' cruel mask
Ruins of the dead
Remains in no man's land

Grim and bleak
Wasteland of mortal cries
Carnage of the weak
The hammer of destruction strikes
With everlasting wrath
Death and perish shape our path

Obliteration now
Purging fires glow
Annihilates us all
May darkness heal our pain
And clear creators' shame
Erase all wasted years
Eradicate all fears
