

## Carnal Playground

Fleshless

I feel your fear, I can feel its smell  
Wet belly, sweating forehead  
So cold, it is so cold  
Trembling with desire to live  
But I can promise, you'll never get old  
Fixed beauty, preserved from hell  
...Of life  
...And Rotting

Gorgeously clean, innocent and untouched  
But still here's something left undone  
Breathless and helpless  
Shivering under my hot lustful hands  
It should be slow but almost painless  
Just your bleeding will be watched  
...Running  
...Maybe

Don't be afraid, it is a perfect play  
Young body like a theatre, where's nice to act  
So vulnerable, such venerable  
So vulnerable, such venerable  
So vulnerable, such venerable  
So vulnerable, such venerable  
Like a Venus embodied, naked in front of me  
When alone feeling sickly miserable

My ecstasy is near  
As you're to cum too  
Nails scratch my back  
Vulgar words to hear  
We are a strange couple  
You accepted my role  
And I accepted yours  
So set up your fucking hole  
I am almost melting  
When your tongue attacks  
I want to be eaten  
From my top to sting  
...And victim for tomorrow?  
...No one else than me!
