

# For Cari

Fletcher

Everybody tryna make me someone else  
Making me feel I'm not good enough  
It's got me kinda twisted like I don't know myself  
I know sometimes I'm too hard to love

I've been drinking so I'm gonna speak mind  
I'm just chillin' and I'm tryna live my life

So I'll say farewell to the hard times  
And I'll say fuck you to the bad vibes  
And I'll raise a glass while I'll toast to myself  
I'm a bad bitch and nothing can scare me  
This one's for Cari  
This one's for Cari

Had a lot of feelings but not like this before  
I'm lonely at the moment, I miss my parents' couch  
And I'm going back to the New Jersey shore  
'Cause I am what I am and I ain't nothing more

I've been drinking so I'm gonna speak mind  
I'm just chillin' and I'm tryna live my life

So I'll say farewell to the hard times  
And I'll say fuck you to the bad vibes  
And I'll raise a glass while I'll toast to myself  
I'm a bad bitch and nothing can scare me  
This one's for Cari  
This one's for Cari

I'm drowning in dreams, wear my heart on my sleeve  
And this city's too big for small things I need  
And I'm done losing sleep over things I can't be  
And I've pleased everybody so this ones for me

So I'll say farewell to the hard times  
And I'll say fuck you to the bad vibes

So I'll say farewell to the hard times  
And I'll say fuck you to the bad vibes  
And I'll raise a glass while I'll toast to myself  
I'm a bad bitch and nothing can scare me  
This one's for Cari  
Yeah, this one's for Cari  
This one's for me  
Yeah, this one's for me  
This one's for Cari
