Guess We Lied...

Fletcher

We're not friends and we're not lovers
No we're not enemies of each other but
Any of them would be better than nothing, nothing
You got a new life in just 6 seasons
I only know you in bits and pieces and
I'm losing my head tryna hold on to something, something

I thought that by now we'd be over the fall out
You said we'd be closer, I guess you didn't tell the truth

So if you're gonna lie
Do it in my bed
If you're gonna lie
At least do it in my bed

So if you're gonna lie
Do it in my bed
If you're gonna lie to me
Make it worth it

Do you ever get the feeling
We're a real deep cut that's never healing
It's fuckin' me up
But not in a good way, a good way

My tattoo is fading, I miss you, I hate it
You said we'd be closer, I guess you didn't tell the truth

So if you're gonna lie
Do it in my bed
If you're gonna lie
At least do it in my bed

If you're gonna lie
At least do it in my bed
If you're gonna lie to me
Just make it worth it

So if you're gonna lie, just tell me you don't need me
Break my heart and make it easy
For me to let go of you now
So if you're gonna lie, just tell me you don't need me
And you're not ever thinking of me
So I can let go of you now

I heard you're better off and you're doin' fine
I heard that you're in love, good fuckin' try
Did it even hurt 'cause you didn't cry
I know we said forever, but I guess we lied
