

# Healing

Fletcher

I've been feeling  
Inside out in my feelings  
Upside down on the ceiling, ooo, yeah  
I'm finally breathing  
The smoke ain't gone but it's clearing  
I ain't there yet but I'm healing  
I ain't there yet

Inhale, exhale on repeat, yeah  
Lately it's so hard to breathe, yeah  
Fallen 'bout a million times  
It's a miracle I'm still alive  
No one said that it was easy  
Tryna piece the broken pieces  
But that's the shit I'm working on  
The journey is a work of art

I can't erase all the things that I've done  
But all the mistakes made me who I've become

I've been feeling  
Inside out in my feelings  
Upside down on the ceiling, ooo, yeah  
I'm finally breathing  
The smoke ain't gone but it's clearing  
I ain't there yet but I'm healing  
I ain't there yet but I'm healing

Ooo, yeah  
I ain't there yet but I'm healing  
Ooo, yeah  
I ain't there yet but I'm healing

Breaking down don't mean I'm broken  
Losing hope don't mean I'm hopeless  
And maybe all I need is time  
It never happens overnight

I can't erase all the things that I've done  
But all the mistakes made me who I've become

I've been feeling  
Inside out in my feelings  
Upside down on the ceiling, ooo, yeah  
I'm finally breathing  
The smoke ain't gone but it's clearing  
I ain't there yet but I'm healing  
I ain't there yet but I'm healing

Ooo, yeah  
I ain't there yet but I'm healing  
Ooo, yeah  
I ain't there yet but I'm healing

I'm finally breathing  
The smoke ain't gone but it's clearing  
I ain't there yet but I'm healing

I ain't there yet but I'm healing

(Ooo, yeah)

I ain't there yet but I'm healing

(Ooo, yeah)

I ain't there yet
