

# Maybe I Am

Fletcher

Here I fucking go again  
Holding up a match to everything I love  
I'm burning down my world again  
Just because  
Flying down the interstate  
It's hard to see the road in front of all these tears  
Your words are swirling in my brain  
All I hear

You say that I'm a crazy bitch  
I'm sick, I'm permanently numb  
You say that I'm a narcissist  
As if I haven't heard that one  
You say I'm ruining my life on purpose  
Just because I can  
Maybe I, maybe I am  
Maybe I, maybe I am

Everything you say I am  
Maybe it's the truth and I'm delusional  
I'm talking to myself again  
All I hear  
All I hear

You say that I'm a crazy bitch  
I'm sick, I'm permanently numb  
You say that I'm a narcissist  
As if I haven't heard that one  
You say I'm ruining my life on purpose  
Just because I can  
Maybe I, maybe I am  
Maybe I, maybe I am

Maybe I am  
Maybe I am  
Maybe I am  
Maybe I, so what, maybe I fuckin' am

You say I'm ruining my life on purpose  
Just because I can  
Maybe I am
