

# Pretending

Fletcher

One, two, three, four

We're talking small  
Like how you been?  
Like how's your mom?  
And all your friends?  
We're catching up  
About all the bullshit trending

You crack a joke  
'Bout kissing me  
'Bout goin' there  
'Bout loving me  
I laugh it off  
As if that shit wouldn't wreck me

As if I'm not what you're waiting for  
Like I'm not in your ending  
Yeah, for now we'll both keep on pretending  
Yeah, for now we'll both keep on pretending

You drop me off  
Your windows down  
I'm looking in  
You're looking out  
I say goodnight  
As if my heart isn't wrenching  
I'll say it now  
You're everything  
Turn back around and never leave  
I type it out  
As if that's the text I'm sending

As if I'm not what you're waiting for  
Like I'm not in your ending  
Yeah, for now we'll both keep on pretending  
Yeah, for now we'll both keep on pretending

Keep on pretending  
Keep on pretending  
Keep on pretend  
Yeah, for now we'll both keep on pretending

As if I'm not what you're waiting for  
Like I'm not in your ending  
Yeah, for now we'll both keep on  
Yeah, for now we'll both keep on pretending

Yeah, for now we'll both keep on pretending  
Keep on pretending  
Keep on pretending  
Keep on pretend-  
Yeah, for now we'll both keep on pretending
