You Should Talk

Fletcher

I'm insane
I'm the girl who ruined everything
When you cut me I don't feel the pain
Never cared about you, that's what you're saying
Ain't that what you're saying baby

If that's true, why am I still in your old shirt
Thinking about you (about you)
Yeah, I heard what you've been saying, baby

But you should talk
Yeah, you should talk
Heard you found somebody new (yeah)
Well you should talk
Yeah, you should talk
Cause to fuck it up takes it two
That shit I did, yeah, you did it too
I'd call you up, but babe this ones on you
Well you should talk, cause you gave up
If you miss me say you do, do, do...

You tell yourself
"She moved on, she's so gone I can tell
Should I call her right now?"
With someone else could be heaven so why is it hell?
Ain't that what you're saying, baby

If that's true
Why am I still in your old shirt
Thinking about you (about you)
Yeah, I heard what you've been saying, baby

But you should talk
Yeah, you should talk
Heard you found somebody new (yeah)
Well you should talk
Yeah, you should talk
Cause to fuck it up takes it two
That shit I did, yeah, you did it too
I'd call you up, but babe this ones on you
Well you should talk, cause you gave up
If you miss me say you do, do, do...

(If you miss me)
I'm insane
I'm the girl who ruins everything

But you should talk (but you should talk)
Yeah, you should talk (ooh)
Heard you found somebody new (baby, you should talk)
Well you should talk (well you should talk)
Yeah, you should talk (ooh)
Cause to fuck it up takes it two (and you know it's true)
That shit I did, yeah, you did it too
I'd call you up, but babe this ones on you
Well you should talk, cause you gave up (you gave up)
If you miss me say you do (say you do, say you do, say you do, say you do) d

o, do, do...

If you miss me
