

## Chasing Stars

Fleurie

Halogen lights, pave the way  
Moonlight skies, I touch your face  
And we can't stop staring up into outer space  
We're leaving without a trace

Touching the clouds, never get found  
Shoot straight up, never come down  
Let's get lost chasing stars  
Out on the edge, losing our breath  
Hearts on fire in our chests  
Let's get lost chasing stars, let's get lost, let's get lost  
Chasing stars, chasing stars (stars, stars)

And the future's ours, so bright so wild  
Music too loud, that's our style  
And I got this feeling we'll be gone for a while  
Tonight goes on for miles

Touching the clouds, never get found  
Shoot straight up, never come down  
Let's get lost chasing stars  
Out on the edge, losing our breath  
Hearts on fire in our chests  
Let's get lost chasing stars, let's get lost, let's get lost  
Chasing stars, chasing stars (stars, stars)

It's a dream world with you  
A technicolour bright  
It's a dream world with you  
Reaching for the light

Touching the clouds, never get found  
Shoot straight up, never come down  
Let's get lost chasing stars  
Out on the edge, losing our breath  
Hearts on fire in our chests  
Let's get lost chasing stars

Touching the clouds, never get found  
Shoot straight up, never come down  
Let's get lost chasing stars  
Out on the edge, losing our breath  
Hearts on fire in our chests  
Let's get lost chasing stars  
Let's get lost chasing stars, let's get lost, let's get lost  
Chasing stars, chasing stars (stars, stars)
