

When I was feeling heavy  
Like the light had left me  
You said, "Come and let me  
Curl up beside you, honey"  
When your world is feeling heavy  
You can lay your armor on me  
You can lay your head down on me

He said, "Slow down, slow down  
We're moving to a new sound  
We're spinning 'cause we know now  
We survived, and now we get to fly  
Now we get to fly"

Waking up after the storm  
I said is there anybody left to search for  
Coming up from underground  
Is there any of me left to be found  
Oh, it should have never come to this  
I wish that it never would've come to this  
You said, "Don't fear the emptiness  
Pain and love, they co-exist"

Just slow down, slow down  
We're moving to a new sound  
We're spinning 'cause we know now  
We survived, and now we get to fly  
Now we get to fly  
Now we get to fly  
Now we get to fly

Pour a little light  
Pour a little light on me  
Pour a little light  
Pour a little light on me  
Pour a little light  
Pour a little light on me

We are knights in shining armor  
With treasures to discover  
Ever-after lovers  
Pour a little light on me  
Pour a little light on me  
'Cause now we get to fly
